

Mirror Demister Technical Details:

Description	Mirror Demister, manufactured from carbon enriched multi-layer polymer to 10kv.
Technical	<p>Double insulated, class 2 product</p> <p>Material output 200watts per sqm</p> <p>Terminal block 7mm depth x 35mm diameter</p> <p>Pad thickness < 1mm</p> <p>Supplied coated with acrylic adhesive & release paper for permanent long-term adhesion</p>
Electrical	230/240v with twin core 0.5mm cable
Country of Manufacture	United Kingdom
Approvals	Meets current UK, European & International standards

Standard sizes & outputs as per table below:

Part No	Output Watts	Size in mm
MH 7010	15 watts	274x274
MH 7020	30 watts	274x574
MH 7030	50 watts	524x524
MH 7040	105 watts	1024x524
